## **Business Plan**

- <sup>1</sup> Property development under the corporate vision "We will be the excellent living development provider" which is not only quality residential projects but also meet allcustomer's requirements
- <sup>2</sup> Property development both of Low-rise and High-Rise residentials. In term of Highdevelopment, riseresidential we are focusing on the transportation and accessibility. Theproject shall be located on the mass transit route especially BTS and MRT and on thehigh density of community, population and work places. In term of Lowrise residentialdevelopment, we develop within the concept of the urbanization for the people who would like to expand the family.
- 3. Increase the portion of recurring income from new business models e.g. Serviced Apartment of residents, Hotels, construction equipment rental service, construction part manufacturing etc.
- <sup>4</sup> Further Business Development across the Property value chain by potential land acquisition, construction service and management, property sale and marketing, after sale services, property management, including to the extra residential services. These all can gain more revenue sustainably and serve the most convenience and satisfaction to our customers.
- 5. Develop the market places and sale
